Digital Project Manager

Marketing Operations ~ Traffic Coordinator ~ Campaign Manager

To secure a challenging position in a growth-oriented organization where I can leverage my skills, experience, and expertise to contribute to organizational growth while continuously enhancing my professional knowledge and career development.

PROFILE SUMMARY

Results-driven Digital Project Manager with 4+ years of experience delivering high-impact marketing and ABM campaigns across fast-paced agency and digital environments. Proven expertise in managing end-to-end project lifecycles—from intake and planning to execution and delivery—while ensuring adherence to timelines, quality standards, and SLAs. Adept at acting as the primary liaison between clients and cross-functional teams, driving seamless communication, stakeholder alignment, and superior client satisfaction. Skilled in traffic and workflow management, resource allocation, and capacity planning to optimize team productivity and campaign efficiency. Strong track record of assigning and prioritizing tasks, conducting rigorous quality checks, and ensuring deliverables consistently meet or exceed client expectations. Proficient in leveraging tools such as Jira, Workfront, and marketing automation platforms to streamline operations and enhance visibility across projects. Combines strategic thinking with a detail-oriented approach to improve processes, mitigate risks, and drive continuous improvement. Recognized for delivering data-driven insights, enhancing customer experience, and contributing to business growth through efficient campaign execution and operational excellence.

EXPERIENCE

Nov 2021 – Present: MarketOne International, Bangalore, India | Campaign Manager

Key Deliverables:

- Lead end-to-end marketing automation projects across global regions, ensuring adherence to timelines, quality standards, SLAs, and risk mitigation
- Own client engagement as the primary POC, manage ~500–800 campaign requests annually by reviewing briefs, defining scope, and aligning on deliverables and timelines
- Drive project planning and execution through resource allocation, workload management, and capacity planning across a global team of 15+ members
- Oversee the full project lifecycle, ensuring SLA adherence, on-time delivery, and high client satisfaction using structured project management methodologies
- Lead client meetings, deliver actionable insights, share KPIs, and provide strategic recommendations to improve campaign performance and engagement
- Provide daily performance updates to regional leadership, reporting on intake volume, project progress, risks, and client communications
- Collaborate with Account Managers and Directors to support client engagement, drive alignment, and manage budgets, utilization, and project scoping (SOWs)
- Execute marketing automation campaigns using Salesforce Marketing Cloud, Marketo, and Cvent, including emails, landing pages, webinars, and nurture programs

- Ensure campaign quality and accuracy by working with cross-functional teams (Developers, Solution Engineers, QA, Production) and performing QA testing for error-free delivery
- Maintain data governance and compliance in line with GDPR policies, ensuring data accuracy, security, and regulatory adherence
- Optimize operations and drive continuous improvement by maintaining incident logs, tracking issues, resolving errors, and enhancing workflows using Jira, Workfront, Smartsheet, and SharePoint
- Train and onboard team members on processes, platforms, and best practices to improve team efficiency and delivery quality

Achievements:

- Awarded *Employee of the Quarter* and received 4 Spot Awards for outstanding performance and delivery excellence
